

Pending Updates and What's New with YTS Data in 2020

The latest YTS (Your-economy Time Series) database was updated (1997-2020) with the 2020 calendar year quarterly data. After testing the data on a preliminary version of YE (youreconomy.org), the following data issues are pending and will be further verified and updated:

- NAICS code 551111 (bank holding companies) deaths
- The BDRC sales model initial release is preliminary
- Large employment change outliers for Education and Healthcare
- Other miscellaneous large employment change outliers
- Adjusting a small number of NAICS/SIC values throughout the database

What's New

Starting in Q1 2020, YTS is assembled on a quarterly basis. Data will be available both on an annual and quarterly basis continuing thru 2021.

New and modified data variables added to YTS:

- Starting in 2019, Census Tract data is a time series variable
- Executive Ethnicity
